Use of off-highway vehicles during wet, or muddy conditions is not recommended in the Porcupine Hills PLUZ and may result in enforcement action such as, under the Public Lands Act, section 54(1)(a.2); "Cause/permit/suffer activities on/use of public land likely to result in loss/damage to public land".

### Liability Disclaimer

This brochure is provided for information purposes and to advise you of many of the rules to trail use and camping. Use of the trail system and camping nodes are entirely at your own risk. The trails have not been classified by degree of difficulty and little or no maintenance is done on these trails; natural and man-made hazards may exist. The trail system can be difficult and physically challenging and conditions may change due to weather and other factors. For example, trails that may be easy to traverse under dry or frozen conditions may be hazardous and/or impassable under spring thaw or wet conditions. It is up to users of the trail system to learn the necessary skills for their safe enjoyment and to exercise caution in potentially hazardous areas. The camping nodes are user maintained.

Scale: 1:87,000
